AccelerateIQ

JANUSHEALTH

Expedited Claim Follow Up,
Improved Employee Satisfaction

AccelerateIQ empowers revenue cycle teams to reduce manual effort, act faster on critical claims, and accelerate cash flow. With enriched claim status and instant portal access through Teleport, staff can resolve denials earlier, eliminate rework, and lower cost-to-collect—without changing their workflows.

Reduce manual claims statusing **by 40%**	Save up to **90 seconds** per claim lookup	Prioritize and work **only the claims that require action**	Uncover root cause of denials— **right in your EHR**

AccelerateIQ Solutions:

▶ Enriched Claims Status

Receive real-time, line-level claim updates directly in your EHR to eliminate manual status checks, streamline follow-up, and accelerate reimbursement.

▶ Teleport

The only intelligent payer portal connection tool that streamlines AR workflows by automating the log in and navigation to claims.

MEET WITH AN EXPERT

AI-powered Revenue Cycle Intelligence & Automation

Janus Health is transforming revenue cycle management through operational intelligence. The JanusIQ platform integrates AI, analytics, and workflow automation to increase revenue yield, accelerate cash flow, reduce cost-to-collect, and improve team performance.
